ENRICHMENT

What is it?

Our Enrichment choices offer a variety of activities for Lymm Sixth Form students to get involved in. Enrichment is completed in addition to students academic studies. Enrichment clubs will help develop personal skills and confidence which are integral to life outside of school.

These choices will offer students the opportunity to develop the core competencies looked for by employers and universities, which students will include in their future applications.

What skills will enrichment help me develop?

The variety of enrichment we offer will develop many of the following skills: independence, communication skills, working with others through teamwork, resilience, flexibility, work–life balance, leadership, analysis and presentation skills (depending on the activity).

How does it work?

At Lymm High, all students are expected to participate in enrichment and complete 10 different activities during their time in Sixth Form. These opportunities help students develop new skills, explore their interests and build a strong sense of belonging and community. We encourage everyone to get involved, make connections and make the most of everything on offer!

Here is a list of all the different activities we offer across the year. If you would like to run an additional club we do encourage this; please let us know and we can help you set it up. Please see the further pages of this booklet for more information about each enrichment choices.

ENRICHMENT OPPORTUNITIES	
Expressive Arts	Drama Set Design Club
	Band Practice
	Drama Club
	Art Club
Debating, Diplomacy & Global Perspectives	Debate Mate
	Model United Nations (MUN)
	Teaching English as a Foreign Language (TEFOL)
	Politics Club
	Economic Society
	Mock Trial Competition
Profession Pathway Support	Teaching Academy
	Law Academy
	Career Appointment
	CityZen - Engineering Competition
	History Newsletter
	Weekly Voluntary Placement (individual support provided)
Challenge & Exploration	Rocket Club (Maths/Physics/Chemistry)
	Chess Club
	Extended Project Qualification (EPQ)
	Super Curricula Support - Massive Open Online Course (MOOCs)
	Gateway & Super Curricula -(Early Entry Students -Oxbridge and Medical Pathways)
	Duke of Edinburgh (DoE)
	STEP and TUMA Support (Mathematics)
Support & Volunteering	Library Helpers
	Lego Club Helpers
	Year 7 Paired Readers
	Charity Team Support - Shoe Box, Macmillan Coffee Morning and Shoe Box Appeal
Diversity& Inclusion	Mental Health Champions & Mental Health working group
	Pride Club
	Makaton signing course
	Sit and Knit
Sports & Nutrition	Senior Netball
	Senior Football
	Senior Rugby
	Senior Hockey
	Talented Athlete Programme (TAP)
	Gym in Leisure centre
	Leisure Centre after school
	Darts Club
	Nutrition Club
Subject Ambassador	Available in all subjects

CHALLENGE

Extended Project Qualification (EPQ)

The EPQ is launched in January of Year 12, and upon completion, is worth the equivalent of an AS level. This is a self-directed project of 4000 words, which helps prepare students for the independent study needed for undergraduate courses.

The Gateway Programme

This programme is aimed at those students wishing to apply for the University of Oxford or Cambridge, or those applying to the most competitive courses (medicine, dentistry and veterinary science). This programme will support them to make a competitive application.

STEP & TMUA Mathematics Support

This enrichment will prepare students for the STEP (Sixth Term Examination Paper) and TMUA (Test of Mathematics for University Admission), designed to challenge students with questions that extend beyond A-level Mathematics and reflect the style of undergraduate study. These assessments are used by leading universities, including Cambridge, as part of their admissions process.

Rocket Club

Explore the exciting world of rocketry by combining practical engineering with the principles of physics. Design, build and launch your own model rockets while developing problem-solving, creativity and technical skills beyond the classroom.

MOOCs

Explore subjects and develop new interests through Massive Open Online Courses (MOOCs). Access university-level learning and specialist courses beyond the school curriculum, developing your knowledge, independence and skills at your own pace.

Chess Club

Develop strategic thinking, problem-solving and concentration through Chess Club. Learn the fundamentals of the game, explore tactics and strategies, and challenge yourself against other students in a supportive and stimulating environment.

Law Academy

Explore the fascinating world of law through observation of real-life cases, debates, legal challenges and thought-provoking discussions. Develop your critical thinking, build confidence in arguing your case and discover whether a future in law could be for you.

CREATE

Set Design Club

Set Design Club offers students the opportunity to explore their creativity by designing and creating sets, props and backdrops for school productions and performances.

Sit and Knitt

Learn the basics of knitting with Mrs Hill

Performing Arts Production

Each year we hold a whole school performance Sixth Form are a critical part of the acting and organisational teams.

History Newsletter

The History Newsletter gives students the opportunity to explore their passion for the past while developing their research, writing and communication skills.

Arts, Fashion & DT

Help the Art and Fashion team with extra curricular projects such as art exhibitions and fashion shows.

COMPETE

Netball, Basketball, Football & Hockey

Students can take part in weekly training sessions and compete in regular fixtures throughout the academic year.

Life Guarding

Gain a valuable qualification and earn some money!

Rugby

Lymm High School is well known for its successes in rugby, winning both the U16 and U18 Cheshire Championships in the past. Students can train weekly, competing in regular fixtures including the county and national cups.

Fitness Suite

Students will be given a gym induction and are welcome to use the fitness suite during lunch times and specific times during the day.

DISCUSS

Economics Society

Economics Society provides students with the opportunity to explore economic issues and current affairs beyond the A-Level syllabus.

Debate Mate

Debate Mate gives students the opportunity to develop their confidence, public speaking and critical thinking skills through structured debates and discussions on a range of topical issues.

Book Club

Read and discuss a book of your choice, guided by your teachers.

Model United Nations

The Model United Nations is a recreational activity in which participants assume the role of national ambassadors or representatives to debate and seek to solve global issues.

Debating

Debating Club allows students to discuss contemporary issues and world affairs alongside their peers. Students can also learn more formal debating techniques with Debate Mate where you will be coached by a university mentor and take part in nationwide competitions.

Mock Law Trials

Run by magistrates from Warrington Courts students participate in making decisions about a real trial case.

DUKE OF EDINBURGH

Skill

The Gold Duke of Edinburgh Award offers you the chance to develop a new skill or improve an existing one. Whether it's learning an instrument, perfecting a language, or mastering a craft, you'll gain valuable expertise that will set you apart in future studies or the workplace.

Residential

The Residential section involves spending time away from home, working with people you've never met before. It's an opportunity to immerse yourself in a new environment, learn new skills, and forge lasting friendships, all while developing independence and resilience.

Physical

Staying active is at the heart of the Duke of Edinburgh Award. From hiking to cycling, the physical component will challenge you to improve your fitness and stamina, while also offering a fun and rewarding way to stay healthy.

Expedition

The Expedition challenge is a highlight of the Gold Award. You'll plan, navigate, and carry out a multi-day adventure in the outdoors, developing problem-solving, teamwork, and survival skills, all while enjoying the thrill of exploring the great outdoors.

Volunteering

Volunteering is a key part of the Gold Award, allowing you to make a positive impact on your community. Whether you help at a local charity, mentor younger students, or contribute to environmental projects, your efforts will develop your leadership and teamwork skills while benefiting others.

Beyond the Award

Completing the Gold Duke of Edinburgh Award is not just about earning a certificate—it's about personal growth. You'll gain resilience, confidence, and the satisfaction of achieving something significant. It's an impressive addition to your CV or university application, and a great way to push your boundaries while having fun!

PERFORM

School Productions

Take part in acting, singing, dancing and backstage on multiple productions throughout the year.

Orchestra

A fantastic opportunity to gain experience of playing standard orchestral repertoire.

Singing Club

Amateur or Pro, all are welcome. Singing a wide range of songs. Learning about vocal harmonies and much more.

Strings

Our string ensemble rehearses challenging repertoire and performs in school concerts, and occasionally external venues.

LEADERSHIP OPPORTUNITIES

Eco Leaders

Our Eco Reps take a lead with lower school students and members of staff on 5 key areas: biodiversity, waste, energy, water, litter. They plan and deliver assemblies, and support the application for the National Eco-Schools award.

Teaching Academy

Teaching Academy is a fantastic opportunity for students who are interested in exploring a future career in education. Students will gain first-hand experience of working in a school environment.

Peer Reading with Y7

This is a great way to support lower school through working with younger students to improve their reading and/or numeracy skills. Through personal relationships students will be able to help develop younger students' confidence.

Leadership Committee

Lead projects for Sixth Form and Lower School and gain valuable teamwork and leaderships skills.

Subject Ambassador

Suitable for students looking to enhance their knowledge of a specific subject. Students must commit to at least one lunch time or study period to support a subject/activity.

Mental Health Ambassadors

Our mental health ambassadors work alongside the staff responsible for this area in school. Students will support staff promoting new initiatives and devising campaigns, all of which involve listening to our student body.

ENRICH YOUR LEARNING

We encourage our students to lead our clubs and societies, which are held at various times throughout the week. For more information about our enrichment opportunities at Lymm High School visit our website www.lymmhigh6thform.org.uk
